Divine Anum

Frontend Engineer

Skilled and passionate engineer delivering exceptional web experiences at amazing speed!

RELEVANT EXPERIENCE

Frontend Engineer – *Aldin Cycles*

Mar 2024 - Oct 2024 | Remote (Contract)

- Designed a clean, intuitive landing page for Ghana's first bike-sharing company using Figma, tailored for clarity and visual appeal.
- Developed the site using Remix and integrated a headless CMS with Sanity for dynamic content management.
- Launched to immediate success, attracting 300+ visits in the first week and over 1,200+ in the first month.
- Optimized performance and SEO to support fast loading and visibility across devices and search platforms.

Frontend Engineer – *Daniel and Shah*

Feb 2023 - May 2023 | Remote (Contract)

- Developed and deployed a visually striking website to establish a strong digital presence in the domains of web3, crypto, and fintech.
- Implemented a custom Content Management System (CMS) using Strapi to seamlessly manage and update website content.

Frontend Engineer – *We Africans United*

Nov 2022 - Apr 2023 | Remote (Contract)

- Crafted a visually appealing website to showcase the rich cultural heritage and narratives of the African continent and its diaspora to the Italian community.
- Implemented and leveraged Webflow CMS for efficient content management of the website.

EDUCATION

University of Ghana – *BSc Computer Science*

2018 - 2022
